Susa's psychic powers are awakening...
It wasn't just un-consciously triggered by anger.
He is beginning to learn how to use his powers deliber-ately..
Sir President, this is likely the round.

That's similar to Mikiri in kendo!
"Mikiri"? The Puck do you mean?
Susa is perfectly reading exactly how far each punch will reach,

But with all these people around.
Yeah, I looked for her.
Forget it. What about Seyuri..?
Are you sure it was her?
I'll keep going till the end!
